

The Reading Passport

The Reading Passport is a reading challenge for all pupils to embark on; which is a voyage of reading discovery that will enthral and challenge you during your time at Birchensale!

It is widely accepted that there are certain books in the world that every child should read in order to fully appreciate the wonder of reading.

We have pulled together a list of 100 books, using a list published by The Times newspaper. These books should be read for both enjoyment and knowledge, as well as to expand the range of books that you read.

In Year 5 you will be issued with a Reading Passport which has the full list of 100 books. The aim is for you to target these books during your time at Birchensale and you will be rewarded for each step of your journey of discovery.

Once a book on the list is completed, fill in the details of the book on your passport and get it signed. You can also quiz on the book, if there is a quiz available and this will count towards your Accelerated Reading.

When you have completed the first 10 books, the passport should be handed into your English teacher or the Librarian to be signed and you can then visit the library to receive a reward. You will also receive achievement points for your endeavours.

All books are available in the library at Birchensale and we hope that this will be a new way to inspire you to explore different genres and ways of reading and enjoying books.

We wish you good luck and an enjoyable journey!
