

OCEAN SONG

G

I went to the ocean one day

D

I sat on the edge of the bay

C

Seen a dolphin swimming out there

D

With a little one in his care

G

I sat down and looked around

D

Then I saw some plastic on the ground

C

I thought to myself "what can I do?"

D

Then someone threw some more in too

Em

Am

We only have one ocean - on the planet

Em

Am

People don't seem - to care about it

Em

Am

I wrote this for you - to sing along

Em

Am

To raise an awareness - with my song

G

Millions of tons of plastic

D

Are dumped in the ocean each year

C

Fish keep getting killed (wah! Wah! 😞😞)

D

HEY! I got an idea!!

G

Lets all get together

D

To save our ocean

C

Reduce, reuse, recycle

D

Now lets put that into motion!

Em

Am

We only have one ocean – on the planet

Em

Am

People don't seem – to care about it

Em

Am

I wrote this song – to SHOUT OUT!

Em

Everybody start – to share it all about
